

Comfort and Convenience

Enjoy a consistently comfortable and inviting home that automatically responds to your life and maximizes energy savings.

- Integrated smart thermostats maintain consistent temperature and humidity control
- Manage energy use through occupancy and scheduling
- Enjoy personalized comfort settings through the Control4 app
- Integrate the pool and spa controls to manage settings and energy consumption
- Easily control fireplace sensors from your mobile device
- Integration with window shades allows shades to automatically lower during the hottest hours of the day, saving on air conditioning costs
- Automate your sprinklers and fountains to respond to weather conditions and delay for a party happening in the yard
