

One Smart App

With the Control4 platform, there is no need to open several apps to set the perfect smart-home lifestyle scene. Use a single app, on any device.

- Control all your smart-home devices from a single app
- With a single smart-home platform, all your smart-home devices work together
- Intercom Anywhere allows you to stay connected with your loved ones from home or away
- With a touch of a button, turn off the lights, lock the doors, and turn off your music
- Enjoy the most amazing music experience using a true smart-home platform
