Smart **Lighting**

Smart Lighting brings elegance, ambiance, convenience, and energy efficiency to your whole home.

- Have the lights in the house turn on automatically

- Use motion sensors to provide hands-free illumination

- Program the lights to shut off automatically when a room is unoccupied

- Use keypads to trigger lighting scenes, music, shade control, and energy settings

- Safe entry—never enter a dark home

- Have your outdoor lighting turn off in the morning and turn on at sundown

- Set a vacation mode to make your home appear occupied even when you're away
