

Watch

With a minimal investment, you can transform your family room into a state-of-the-art home theater—and have the foundation of what you need to ensure your smart home can keep getting smarter. With one easy-to-use remote, you'll be able to watch TV, access your DVD/movie collection, and enjoy your entire music library. All it takes is one touch to have the shades close, the lights fade, and the receiver kick in at the perfect volume. Your old remote could never do this!

- Automate your home theater experience with one-touch control
- Access your home control system through your TV
- Send HD video to any room in the house
- Watch video from multiple sources, including disc players, and hard drives—or browse through them all simultaneously
- The possibilities are endless...

Dream big. Start small.

Only Control4 makes it easy to add more control to your system when you want, or as budget allows—even if it's a year or two later. Ask your dealer how it works.

Listen

With unprecedented control over your music, Control4 will change the way you listen to music—forever. The intuitive user interface makes it a breeze to browse through your music collection and play any song you want, at any volume, in any room in the house. You can even control the music in one room from the other side of the house. (Don't worry: We won't tell your kids.)

- Hear classical in the den, jazz in the kitchen, and rock in the teen's room—all at the same time
- Play songs from your smart phone, radio, XM satellite, internet, or digital music library
- Custom in-wall and in-ceiling speakers are virtually invisible
- The possibilities are endless...

Dream big. Start small.

Lights

Whether you want the perfect ambiance in every room, one-touch control, or just an effortless way to save energy, Control4 has the simple solution: total control over every light in the house—from across the room or across the globe.

Control lighting scenes from a keypad or touch screen, even your iPhone® mobile device. You can turn any standard outlet into two smart outlets to control just about any electrical device. No construction hassles required.

- Have lights turn on automatically to welcome you home
- Use motion sensors for hands-free illumination in the dark
- Turn off all the lights with a single touch—except for the kids' nightlight
- Program the lights to shut off automatically when a room is unoccupied
- Combine lighting with curtain control and the whole house looks lived in even when you're away
- The possibilities are endless...

Comfort

With Control4, it's easy to save energy—and money—without compromising comfort. During summer, you can set the AC to switch off automatically when no one is home. Come winter, a smart fireplace switch can provide additional heating to keep the house cozy even on the coldest of nights. And when you're late at the office, just hop online to adjust thermostat levels so heat doesn't kick on until you're a little closer to home.

- Replace your current thermostat with an energy efficient Control4[®] wireless thermostat to keep your home at a more energy-efficient temperature while you're out
- Program shades to close during the brightest hours of the day
- Use dimmers, timers and occupancy sensors to reduce energy waste
- Automate pool and sprinkler systems to conserve water
- The possibilities are endless...

Dream big. Start small.

Security

If you want to know what's happening at home when you're away on business or just see who's at the front door, a little peace of mind can go a long way. (And sometimes you just need to let yourself in when you forget your keys!) That's why Control4 incorporates many of your home's systems, from lights to locks, to automatically make your home more secure, even when you're not there.

- Lock every door and arm the alarm, with a single touch
- Check on the kids from downstairs or downtown
- View video feeds from your security webcams—any time, anywhere
- Receive a text alert when the Control4 system senses trouble at home
- Assign temporary security codes for deliveries and service workers
- The possibilities are endless...
