

Control4® Speaker Point

Control4® Speaker Point
Ethernet AVE-RAA1-B
Wireless AVG-RAA1-B

The Control4® Speaker Point delivers digital music to any room from any audio source. With both Ethernet and WiFi capabilities, the Speaker Point is ideal for those wanting to add music zones and for retrofit situations where pulling speaker wire through walls is impractical.

- High-quality audio with onboard 50W amplifier
- 1 analog input source, 1 speaker output zone and 1 line-level output zone
- Stream music wirelessly to any room in your home
