Control4® Wireless Configurable Keypad, 240V—C4-KC240

The Control4® Wireless Configurable Keypad is an elegant and customizable user interface that unlocks the power of one-touch automation. The keypad can be configured with two to seven buttons using four different button sizes for a total of 37 possible configurations. There's no need to worry about how many buttons will be needed on a specific keypad prior to (or even after) installation.

- Includes a button kit with every button necessary to make any of the 37 possible button configurations
- Elegant, sophisticated design makes a beautiful addition to any home or business
- Custom engraving available to clearly identify each button
- Backlit button engraving with programmable color control for easy readability regardless of time of day or light level
- Programmable RGB LEDs provide status feedback for lighting and other devices in the system
- Ambient light sensor automatically adjusts backlight and status LED brightness depending on the light level in the room
- Available in a wide array of gloss and satin colors (See Available Colors)
- Control4® screw-less faceplates, sold separately, provide a sleek profile (See Available Accessories)
